To: ProcureAZ State Agency Users

From: ProcureAZ Help Desk

Re: Errors with Transactions Communicating with AFIS

There is an error in communication between AFIS and ProcureAZ. For the time being please stop all submission of transactions (Requisitions, Purchase Orders, Invoices) to AFIS. Documents which don't communicate with AFIS are okay to complete (Bids, Receipts). The user may create the document through to completion, but **do not submit for final approval.** The AFIS team is working with Periscope to address the issue. We do not have an ETA for resolution.

We will send out further communication when it is available. As always, if there are any questions or concerns please contact the ProcureAZ Help Desk.

Thank you
